How and when do I receive my affiliate commissions? Once you have submitted your tax information, we can send your payment. Payments can be issued by check, ACH, or Paypal. Payments are issued the first week of the following month. Please note, we issue payments that have accumulated to \$200 or more, however, you can request your payment at any time. Commission must be at least be over \$100 unless you are closing your Affiliate Account. Are there any fees? No, we do not charge any fees to join our Referral Partners Program.

What counts towards commission? Subscription purchases count towards commission. (ex. standard monthly, 12 month recurring, premium annual, premium monthly, Brokerage Plus). This excludes trainings and event sales. For affiliates who purchase subscriptions using their own referral links, that particular commission will be deducted from their payout.

Do I get commission for recurring subscriptions? Yes, you continue to receive commission as long as the customer's subscription is recurring. Once the customer cancels that subscription, you no longer receive commission for that particular sale.

What is a clawback? A clawback is money returned to the customer, also known as a refund.

Do I get credit for signing up another Referral Partner? Yes. Whenever someone signs up as a Referral Partner under your personal tracking link, that person becomes your sub affiliate. Anytime that sub affiliate makes a sale, you get 5% of that sale. For example: if affiliate A has the sub-affiliate B and B refers a sale, B will get the standard commission (1st tier commission) and A will get the 2nd tier commission (5% of sale). There is no 3rd tier commission.

Can I have a personal discount code for customers? Yes, please email marissa@tradeideas.com if you would like a personal promo code. The maximum amount is 15% off. Please note, promotional codes are not trackable and only apply to the first payment.

What are the Test Drive events? Every quarter, we offer a Test Drive or Open House event that gives customers a week pass to the full Premium suite for a small fee (i.e.: \$8.99). This is a great opportunity to promote and convert leads. Keep in mind that these purchases do not count towards moving up tiers (only subscriptions count).

Can I be featured on the Trade Ideas Partners page? Once you have accrued \$100k in sales, you are eligible to be featured on our Partners page. Please reach out to us if you have any interest.

Do you cross promote? If you are an active referral partner, you may be eligible to participate in one of our webinars, email swaps, weekly podcasts or upcoming events. If interested, please contact me directly.

Trade Ideas encourages our subscribers and partners to share techniques, ideas, and strategies. However, there are some restrictions to use of Trade Ideas data. If we find that a subscriber or referral partner is disseminating Trade Ideas data irresponsibly, we reserve the right to terminate the subscription and/or the referral partner relationship. Here are some guidelines:

- When livestreaming on a public video sharing platform such as Youtube, we expect our affiliates to set at least a **15 minute delay**. (option found in Advanced Streaming Settings with Youtube).
- You can livestream our software as long as you are actively commenting, teaching, and promoting the product. Simply broadcasting Trade Ideas screens without context is not permitted.
- You can provide your referral links in the video, descriptions, and chat for the promotion of Trade Ideas.
- You can mention that you are affiliated or a Referral Partner with Trade Ideas.
- You can display our logo as long as you make it clear that you are an affiliate or partner with our company and not a Trade Ideas employee.
- You may not earn commissions on yourself (self dealing), i.e., using your own referral link to buy your own subscription.
- You cannot livestream the advanced features such as the AI channel.
